

Colloquium on World Languages & Cultures 2014

**March 11th & 12th
Rooms 415-414**

Following a long standing tradition at the University of Deusto, the senior students of Modern Languages have organized a series of presentations and activities within the framework of the Symposium on World Languages and Cultures, English being the lingua franca.

In this year's Colloquium, we would like to celebrate the multicultural atmosphere we live in our university, and get to know new and interesting features about different cultures.

Thus, we would like to invite our fellow students and faculty to join us and participate in the diverse activities scheduled for these two days (March 11 & 12).

Organizing Committee: Jon Franco, Laura Vela, Oihane Muxika, Montserrat Fuente, Jone Vicente, Edurne Beltrán de Heredia & Jon Iñaki Lago
